

AnphaCorp is the leading real-estate developer and agency with insightful local market know-how through one of the largest full-time sales team. AnphaCorp possesses strong expertise in full range of real-estate consultation services from investment, legal consultant, strategic product development, marketing, sale and after-sale service, construction management to property management. The Management Team of AnphaCorp are top leaders in Vietnam real-estate industry, who are founders, presidents and CEOs of major developers namely MIK Corporation, FutaLand, Inveskia and Sacomreal. AnphaCorp has successfully transformed several financially difficult projects to thousands of quality homes and known as the highly social responsible company. AnphaCorp through its projects has established strategic partnerships with several local and international hotel & serviced residence operators, property management, contractors and suppliers.

MIK Corporation is top 4 real-estate developer brand in Vietnam with properties across the country ranging from compound town-house & villas, condominium, luxury serviced residences to hotels & resorts. Foreseeing the growth of Vietnam economy and strong home demand, MIK Corporation continues to develop its land bank through several acquisitions.
